OUR VISION

We envision a school where every child's innate potential is discovered, nurtured, and celebrated. By fostering linguistic, logical-mathematical, visual-spatial, bodily-kinesthetic, interpersonal, intrapersonal, and naturalistic intelligences, we empower learners to flourish in an ever-evolving world. Guided by our timeless motto, **"Service Before Self,"** we inspire every student to embody empathy, integrity, responsibility, and leadership.

OUR MISSION

Since its inception in April 2002, Delhi Public School Agra has grown from a modest beginning of 540 students and 40 teachers into a thriving community of over 4,500 learners supported by more than 220 dedicated educators. Our mission is to nurture independent thinkers, lifelong learners, and responsible global citizens through a holistic educational experience. Supported by state-of-the-art infrastructure, innovative pedagogy, and diverse learning opportunities, DPS Agra continues to set benchmarks in excellence by harmoniously blending tradition with innovation.

A Legacy of Excellence

Delhi Public Schools, under the aegis of The Delhi Public School Society, New Delhi, form one of the largest and most respected educational networks in India and abroad, with over 210 schools. For more than six decades, the DPS legacy has been synonymous with academic excellence, character building, and holistic development, producing leaders who have distinguished themselves across diverse fields worldwide.

Our Approach

At DPS Agra, education extends far beyond textbooks. Our academically rigorous yet flexible curriculum nurtures curiosity, creativity, innovation, and independent thought while encouraging every learner to realise their fullest potential. Recognising that every child is unique, we thoughtfully personalise each student's learning journey to build upon individual strengths, interests, and aspirations.

Distinctive Features

Learning at DPS Agra is engaging, purposeful, and future-focused. Through our distinctive approach of *Edutainment* and *Experiential Learning*, students actively participate in meaningful, hands-on experiences that transform knowledge into understanding. Our innovative teaching practices equip learners with the competencies, confidence, and adaptability required to excel in the dynamic world of the twenty-first century.

STAGES OF STUDY

Foundational Stage **Nursery – Grade 2**

Comprising three years of preschool and two years of primary education, the Foundational Stage nurtures children's overall development through play-based, activity-oriented, and inquiry-driven learning. Learners build strong foundations in literacy, numeracy, communication, creativity, and socio-emotional development while exploring language, art, music, movement, and the world around them. Equal emphasis is placed on values such as cooperation, courtesy, empathy, responsibility, and ethical behaviour, making Learning by Doing the cornerstone of this stage.

Preparatory Stage **(Grades 3–5 | Ages 8–11)**

During the Preparatory Stage, students strengthen their intellectual, aesthetic, physical, and cultural foundations through engaging and interdisciplinary learning experiences. Critical thinking, creativity, communication, and collaboration are actively cultivated while leadership and responsibility are fostered through participation in the Junior Council, empowering students to become confident, self-reliant, and socially responsible individuals.

Middle Stage **(Grades 6–8 | Ages 11–14)**

The Middle Stage introduces subject specialists who guide students towards deeper conceptual understanding across Science, Mathematics, Social Sciences, Humanities, and the Arts. Experiential learning, interdisciplinary exploration, and analytical thinking remain central to the curriculum, enabling students to develop curiosity, confidence, and the ability to apply knowledge meaningfully in real-life situations.

Secondary Stage **(Grades 9–12 | Ages 14–18)**

The Secondary Stage provides multidisciplinary learning with greater depth, flexibility, and student choice. Personalised academic strategies, diagnostic assessments, and structured mentoring help learners strengthen conceptual understanding and achieve academic excellence. Preparing students for the CBSE curriculum and the All India Senior School Certificate Examination (AISSCE), this stage also equips them with the knowledge, skills, and values required for higher education, future careers, and lifelong success.

Delhi Public School Agra

BEYOND

ACADEMICS

NURTURING TALENTS. BUILDING FUTURES.

अनुभूति and Effulgence

Students explore insights into personalities, significant events, and intercultural traditions and contemporary issues through research-based presentations, creativity, critical thinking, and presentation skills.

Project-Based Learning (PBL)

Hands-on projects across diverse domains—including Marketing, Finance, Investments, E-Commerce, Health Science, Digital Media, and other emerging fields—encourage students to apply classroom learning to real-world problem-solving and innovation.

Smart Classrooms

Every classroom is equipped with interactive smart 65-inch digital display, wireless technology, and an engaging and dynamic learning environment.

Quill Club

Aspiring writers receive professional mentorship through specialised activities that nurture creativity, critical thinking, and expression—empowering students to communicate with confidence and impact.

Career Guidance and Counselling - Lakshya

Structured guidance and counselling through Lakshya helps students discover their strengths, make informed decisions and plan a purposeful future.

Dreams to Reality

Distinguished alumni return to campus to share their inspiring journeys through TED-style interactions, motivating students to dream ambitiously, persevere, and strive for excellence.

Sports Arena

A well-balanced sports programme alongside academics provides specialised coaching across a variety of disciplines, fostering fitness, teamwork, discipline, and sportsmanship.

NEW INITIATIVES FOR LEARNING IN THE SCHOOL

Future-ready learning experiences that inspire, empower and excel.

E-learning

Digital resources for interactive and flexible learning anytime, anywhere.

LAKSHYA PROGRAMME

Focused goal-setting programme for academic and personal growth.

Peer Teaching and Assessment

Collaborative learning through peer teaching and evaluation.

Public Examination

Structured assessments to prepare students for board examinations with confidence.

360 Degree Learning

Holistic development focusing on academics, life skills and values.

Inclusive Education

Equal learning opportunities in a diverse and supportive environment.

Enhancement Classes

Additional academic support to strengthen concepts and improve performance.

Academic Task Force

Faculty team ensuring academic excellence and continuous improvement.

Effulgent Expressions

Platform for nurturing creativity through literary and artistic expressions.

Saksham Programme

Skill-enrichment programme to build confidence, competence and leadership.

Flip Classroom Technique

Learn at home, engage actively and apply learning in class.

Concept Clarity Session (CCS)

Focused sessions to strengthen understanding and clear doubts.

Project-based Learning (PBL)

Hands-on projects promoting inquiry, teamwork and real-world learning.

Competency-Based Education

Learning that develops real-world skills and critical thinking.

Bridging The Educational Gap

Personalized interventions to support every learner and bridge learning gaps.

Dhyana: Meditative Writing

Reflective writing for mindfulness and self-expression.

Assessment Of Pre-requisite Skills (APS)

Diagnostic assessment to identify strengths and learning needs.

Bolstering The Scientific Temper

Encouraging curiosity, experimentation and evidence-based thinking.

Scholastic And Co-scholastic Clubs

Wide range of clubs for holistic development and interests.

Preparation For Competitive Examinations

Guidance and practice for Olympiads, NTSE, JEE, NEET, CUET and other exams.

Grading Rubrics

Transparent criteria ensuring fair and meaningful evaluation.

Session Professional Expertise

Expert and faculty-led sessions for enriched learning.

Olympiads

Participation in national and international Olympiads.

Educational Trips

Experiential learning through trips, visits and excursions.

Investure Ceremony

Induction of student council to promote leadership and responsibility.

Awards And Commendations For Academic Excellence

Recognition of outstanding achievement and effort.

Monthly Stream-wise Newspapers

Gyan-Vigyan, Vaniya, Manavta, Abhyudaya – student-led publications showcasing creativity, research and current affairs.

Interactive Talks

Inspiring talks with experts, professionals and eminent personalities.

Industrial Visits

Exposure to industries and work environments for real-world understanding.

Edutainments

Fun-filled educational activities blending learning with entertainment.
